

Teen Academy

Fall 2026

8 Week Program to learn, improve skills & have fun on the court!

Your teen can take their pickleball game to the next level in this intensive 8-week academy designed exclusively for high school players. Meeting once a week for a high-energy 90-minute session, this program bridges the gap between recreation and competitive match play. Whether you are aiming to win tournaments, dominate local ladders or are just looking for a fast-paced, social workout with peers, this academy delivers advanced strategy, athletic conditioning, and maximum court time.

Program Highlights

- **Advanced Strategy & Tactics:** Move past the basics—we teach mastery of third-shot drops, aggressive dinking battles, and stacking strategies through situational gameplay.
- **Intense 90-Minute Sessions:** Extended training blocks offer the perfect balance of technical drills, physical conditioning, and full-length competitive matches.
- **Small Coach-to-Player Ratio:** Our strict max 8:1 court ratio ensures students receive personalized tactical feedback and individual coaching to fix their specific weaknesses.
- **Open to All High Schoolers:** Structured to challenge varsity-level players looking to sharpen their edge, while welcoming beginners eager to learn and improve quickly.

Frequently Asked Questions

- **Does my teen need their own paddle?**
Nope! We provide all necessary paddles and pickleballs. If your teen has a favorite paddle, they are welcome to bring it.
- **My teen has never played. Is this okay?**
Absolutely! This clinic can accommodate beginners, providing a great foundation and eliminating bad habits that occur without professional instruction. We focus first on basic skills, rules, and playing games, adding higher level skills and strategies as they progress.
- **My teen already knows how to play. Will they be bored?**
Not at all! Our coaches are experienced in accommodating a mix of skill levels. Because of our low 8:1 ratio, we can easily challenge more advanced players with higher level skills, strategies and concepts, even while beginners are learning the basics.
- **Who will be coaching my teen?**
The clinic is led by Coach Dick Hollenbeck, the owner and lead instructor of Panoramic Pickleball Academy. Dick is a PPR-certified Pickleball instructor and a former advanced tennis player who fell in love with pickleball in 2020. He designed and built our venue to create a pickleball training facility. We provide a positive, welcoming environment for youth and families. Parents and students highly praise Coach Dick for his patience, strategic insights, and talent for adapting drills to meet every student exactly at their current skill level.
- **What happens if we miss a week?**
We understand that schedules can change! However, because the coach has other commitments outside of this program's hours, we cannot offer make-up sessions for missed classes. Each session will review and build on prior sessions, so the missed information will still be presented.
- **What is your cancellation and refund policy?**
We do not offer full or partial refunds once a spot is booked. However, if your teen can no longer attend the 8-week program, you are welcome to refer a substitute teen (aged 14-18) in their place before the first day of class! Just email us to update the registration details.
- **Can parents stay and watch?**
Yes! Our outdoor venue provides dedicated seating for guests. You are welcome to sit comfortably and cheer on your player(s) from the sidelines.
- **Can I bring my teen's younger siblings to watch?**
Yes! However, for their safety, younger siblings must be supervised carefully by a parent or guardian at all times.
- **Are pets allowed at the courts?**
To ensure the safety and focus of all our young players, we have a strict no-pets policy. Please leave your furry friends at home!
